Correspondence and Communications:

Received a forwarded email from the Lunenburg Planning Board asking for input regarding the impact on historic resources of a cell tower located on Leominster Shirley Road. The Commission feels that the only historic concern would be for Lancaster Ave. as it has been designated a scenic road. Any construction should be sensitive to the views from Lancaster Ave. Becky will pen a response letter.

Old Business:

Town center imaging plan

Damon Expressed his desire for help from the Historic Commission to run an imaging session with the goal of reaching a common understanding of the history of the town center in provide a solid foundation moving forward in the writing of the village district zoning by-law. Becky expressed her concern that if the Historic Commission puts on this event then it would seem as if the commission is endorsing development in the town center. As a result of the conversation Damon will put the imaging session together himself.

Bronze Marker Report

Becky has found a company that manufactures bronze markers. She will continue to research the subject
