3. Place Holder Articles – Discussion and vote on each item. Chair Nancy Foss Yasko spoke on business sense and best practices, along with account balances. Sale of lots \$94,394.66, Capital Fund \$10,606.61. If we have enough in the fund, we will pull the article for \$10K from the warrant. Keeping money in the Sale of Lots fund is a good idea as we are getting interest.

\$50K capital item for the North Cemetery Expansion Area – will come out of the Capital Planning budget. Parcel has been surveyed, Design Plans & construction to be done. DPW Director hope is the \$50K covers all required work. Currently open lots are under 100 between North & South cemeteries. DPW Director recommended now is the time to move forward on this project. Chair Nancy Foss Yasko made the motion that the capital plan will take out “X” amount of dollars to start the North Cemetery expansion, Vice Chair David Dorren seconded, voted all in favor.

\$50K for cemetery road network repairs – The DPW Director submitted \$225K for re-paving of all roads in North Cemetery, patching and repair estimated at \$50K, currently this is not on the latest Capital Plan list. Chair Nancy Foss Yasko has been told that this is coming out of Capital Planning, but has not seen the latest list. Chair Nancy Foss Yasko made the motion that they will be going forward with road repairs, Clerk Mike Clark seconded, voted all in favor.
